EXPERIENCE

2018

Cow Chip Cookies - Website Project

Small Business Website Creation

- Created a website for the small business Cow Chip Cookies.
- Integrated an easy-to-use catalog for potential customers to build their basket and be able to filter through the various types of cookies
- Used HTML/CSS to customize an eye-catching design and simple to navigate layout.

2019

Java Programming - IT 220

AssassinManager

- Tasked to create a java file to mimic the game assassin.
- Integrated the use of a separate node file to create ease and readability within the file.
- Utilized JGrasp's debugger to monitor the lists behavior when changed.

2018-
Present

Target - Kent, WA

Guest Service Advocate

- Enhanced guest experience by creating a positive and inspiring environment.
- Trained upcoming advocates to the processes of guest service with hands-on experience while maintaining the front end alongside managers and team members.
